CHARTFILE

FURTHER UPSTRIKEN Bonnie Tyler first week overhauled Michael Jackson to capture the number one spot for the first time in her career with *Total Eclipse Of The Heart*. That's a three place improvement on the peak attained by Bonnie's previous biggest hit, 1977's "It's A Heartache".

The 27-year-old singer's achievement is made even more impressive when you take into account that Tyler is not a number one performer. Shirley Bassey (1959) and Tina Turner (1983) Tyler's only other number one hits. Tyler's success is a result of some of the most powerful marketing forces in the music industry. Tyler's record company, RCA, is one of the most powerful and successful in the world. Tyler's record company, RCA, is one of the most powerful and successful in the world. BONNIE TYLER: a great debut scandal

There have been many cases of individuals with the same name appearing in chart making acts simultaneously including three very recent examples. **Kid Creole** is the name of the man who's steered the *Coconuts* to several hits, but it's also the name of a member of *Grandmaster Flash's Furious Five*. **Mick Jones** is the name shared by *Fantasia's* lead guitarist and the *U2's* lead guitarist. **Roger Taylor** a name which causes confusion at EMI being the name shared by drummers with two of the company's top groups, *Queen* and *Duran Duran*. Not is that the only confusion surrounding Duran Duran besides Roger Taylor, the group also includes **John** and **Andy Taylor**.

Michael Omartian, best known for his work with *Christopher Cross*, has been contracted to produce *Donna Summer's* next album much to the displeasure of Donna's current producer *Quincy Jones*. Omartian, who makes albums of his own for a small independent label, plans to team Summer and Cross in a duet if Cross is available. Also debuting in the chart for the first time are *Meat Loaf* and *Dale Krantz*, the latter who used to sing with the *Rossington Collins Band*. This has already been recorded and will be included on *Meat's* soon coming album. *Mavis Cheung*, *George Harrison* and *Cilla Black* are poised to work together for the first time in many years following a brief meeting at a London restaurant. Over time, Cilla enquired what happened to the tapes she and George had worked on in 1974 when Harrison was hoping to produce an album for Cilla. Harrison replied that he had the tapes, and that he'd still like to produce Cilla. Before going their separate ways, the Liverpoolers agreed to get together again very soon. As a result, George's said to be working away in Oxfordshire putting together some of the material for Cilla. Coffer tops of vinyl oddities should be on the lookout for a blue bell shaped by "surprise" - the *Bluebells* and a *CoVa C.Va* on time disc in the shape of a purple rubber.
