# CHARTFILE

BY ALAN JONES

here's a bumper intake of 21 new ntries in this week's top 75 singles chart, with record companies anxious to release ecords prior to April 2. The reason for his is simply that there has previously een no limit to the number of different ariants of a single that can contribute to soverall chart placing, but as from last londay a maximum of five editions per ingle was imposed, though records eleased prior to that date escape the mit.

The turbulance below them has no ffect on the top three, with **Snap** still at umber one enormously increasing their and over the **B-52's** and **Candy Flip** anging —'t number three.

There e several high debuts, but also much larger number of precipitous falls nan is usual, with Michael Bolton down to 29 from 10), Guru Josh (25 om 11), Primal Scream (32 from 6), The 49ers (24 from 12), Jive lunny (31 from 9), J.T. & The Big amily (33 from 13), Sinéad )'Connor (38 from 20) and Big Fun 10 from 25) all dropping more than 10 otches within the top 40. The Cure void the drop, but they can take little omfort from holding their debut position f number 28 when the number of ormats in which their single is available icreased during the week from four to

The week's highest debut, almost revitably, comes from **Madonna**, whose 'Vogue' enters at number four. It's er 23rd hit. And **Jason Donovan**'s lang On To Your Love' debuts at umber to maintain his record of eaching are top 10 with each of his ngles to date.

After three singles which peaked in the

40s, **Jesus Jones** breakthrough in a big way this week as 'Real Real Real' debuts at number 26. Last year they reached number 42 with both 'Info-Freako' and 'Never Enough' and number 46 with 'Bring It On Down'.

• A decade after it was recorded the **Blues Brothers**' double-A-sided single featuring 'Everybody Needs Somebody To Love' and 'Think' debuts at number 46.

Taken from the cult 'Blues Brothers' movie, 'Everybody Needs Somebody To Love' features **Dan Aykroyd** and the late **John Belushi** on vocals. An American hit for both **Solomon Burke** and **Wilson Pickett** in the Sixties, the song has never charted here before in its own right, though the Blues Brothers' recordings can be heard on the current Jive Bunny single.

'Think' sports vocals from **Aretha Franklin**. Her original recording of the song reached number 26 in 1968.

• Paula Abdul and the Wild Pair debut at number 36 this week with 'Opposites Attract'. That's one place lower than the position the record occupies in the US chart, where it stretches Paula's run of consecutive top 40 appearances to 68 — a new record for a woman. The old record of 67 weeks was established by Connie Francis, 28 years ago.

### **CHARTFILE USA EXTRA**

To misquote the record, it's been 18 years and 27 days since, that is, an artist new to the Hot 100 has managed to reach the top 10 in four weeks — but that's just what Sinéad O'Connor has done with 'Nothing Compares 2 U', which is ranked at number nine by Billboard this

week, having previously progressed from its debut position of number 63 to number 33 and then to number 16.

The last act to turn the trick was **America** with a 'A Horse With No Name', which reached the top 10 on March 11, 1972. It debuted at number 84, soared to number 47, and then checked in at number 20 before surging to number seven on its fourth week in the chart. **Don McLean** also took four weeks to reach the top 10, with his introductory hit 'American Pie' just three months earlier.

In the past 10 years only four singles by established acts have reached the top 10 more quickly than 'Nothing Compares 2 U'. They are 'Thriller' by **Michael Jackson** and 'We Are The World' by a collection of chart veterans masquerading as **USA For Africa**, both of which took an incredible two weeks to reach the top 10 plus **Prince**'s 'Purple Rain' and the **Michael Jackson/Siedah Garrett** duet 'I Just Can't Stop Loving

You' which reached the top 10 on the third week of chart life.

● Alannah Myles' 'Black Velvet' c to number five this week, while fellow Canadian Jane Child's 'Don't Wanna Fall In Love' holds at number six. Prior these two otherwise very different women from Toronto breaking throug only three Canadian female soloists ha ever reached the US top 10. They are Giselle MacKenzie (1955), Annumurray (first in 1970, last in 1978) a Joni Michell (1974)

• Elton John's 'Sacrifice' dips to number 28 this week, after peaking at number 18.

A pretty lilting song, it's Elton's 46th 40 hit Stateside. Of these, 44 have bee solo efforts, putting Elton in a three-witte for most top 40 hits by a solo act, alongside **Stevie Wonder** and **Jan Brown**.

## NEWSEXTR

#### ESTEFAN CHARGE

Heraldo Samuels, the driver of the truck involved in the collision with **Glori**: **Estefan**'s tour coach a couple of weeks ago, has been charged with speedin by the Pennsylvania police. Meanwhile, doctors are confident that Gloria will make a complete recovery, following major surgery on her back to repair several broken vertebrae.

#### JACKSON LEGAL ACTION

**Katherine Jackson**, mother of the Jackson clan is taking her daughter, LaToya, to court. Mrs Jackson has filed a writ claiming LaToya and her husban have a wrongful hold over 25 per cent of the Jackson empire and used devio means to persuade her to sign over part of the family estate in California.

### **BROS SPLIT DENIED, AGAIN!**

Persistent national paper reports that **Bros** are splitting up have again been officially denied. "It's all rubbish," said a spokesperson as **Record Mirror** went to press. "They're very happy with each other and they will be touring September or October." Bros began a court battle with their ex-manager Tor Watkins last week. Watkins is claiming substantial damages against the twins fo alleged breach of contract and hoped to secure a £63,000 lump sum from Brc as security, but the court was told that Bros had spent £700,000 in 18 month and could not afford to pay it.
