CHART FOCUS

Album sales surge upwards by a third this week, a significant proportion of which is due to **Bruce Springsteen**, who debuts at number one with *Human Touch* and at number two with *Lucky Town*. Springsteen thus emulates **Guns N' Roses**, whose two *Use Your Illusion* albums notched up an identical double last September. Springsteen's triumph is even more remarkable, however, since his albums were released a mere two days before their debut. *Human Touch* thus reached number one more quickly than any album in chart history. Hitherto, **Michael Jackson's** *Dangerous* held the record, taking three days to reach pole position.

At the other extreme, several albums released some time ago make dramatic re-entries — the **Police's** *Every Breath You Take*, a 1986 compilation, leads the pack at number 31, followed by the **Carpenters' Only**

Yesterday (1990) at number 32, **U2's** *The Joshua Tree* (1987) at number 34, **Bryan Adams' Reckless** (1985) at number 39, **Chris de Burgh's** *Spark To A Flame* (1989) at number 45, **Joan Armatrading's** *The Very Best Of* (1991) at number 50 and **Stepping Out** by **Joe Jackson** (1991) at number 70. They are all AIM (PolyGram) titles, currently heavily discounted at Woolworths. The extra sales this promotion generated also made a major contribution to this week's welcome upturn in business.

A quieter week on the

singles chart, with sales up just 1%. But among those registering an increase is **Shakespears Sister's** *Stay*, which thus manages to remain at number one for a seventh week, though by a very small margin, with the next three singles — **Def Leppard's** *Let's Get Rocked*, **Mr Big's** *To Be With You* and **Right Said Fred's** *Deeply Dippy* — unlucky not to take top billing.

Last week's number two, **Ce Ce Peniston's** *Finally*, drifts to number five, though its sales are down only minimally. It's noticeable that Ce Ce's identically titled album is selling poorly (it is number 83 this week), even though it reached the Top 10 a couple of months ago. The reason for its success then was that initial quantities of the vinyl edition included a free 12-inch with six mixes of *Finally*. One can only speculate that, had that not been the case, the single would probably have had enough impetus to reach number one last week. **Alan Jones**

CHART NEWCOMERS

9 SOUL II SOUL: Joy Ten. Over a year after their last hit *Missing You* reached number 22, **Soul II Soul** bounce back strongly with *Joy*, the first single from their upcoming third album, *Just Right*. It features vocals by new recruit, the Jamaican **Ritchie Stevens**. **Jazzie B's** erstwhile partner **Nellee Hooper** appears to have packed his trunk, but **Caron Wheeler**, who was vocalist on the group's biggest hits before forging a solo career, will be heard on the album track, *Take Me Higher*.

from the **Bananarama/French & Saunders** collaboration *Help and Mel* (Smith) & **Kim (Wilde's)** *Rocking Around The Christmas Tree*.

12 MR BEAN & SMEAR CAMPAIGN: (I Want To Be) Elected. London. Comic **Rowan Atkinson's** popular alter ego makes his chart debut with this remake of an **Alice Cooper** hit, on which he is aided and abetted by **Iron Maiden's** singer, **Bruce Dickinson** and the group **Taste**. All royalties from the record are being donated to **Comic Relief**, as were those

60 THE DISPOSABLE HEROES OF HIPHOPRISY: Television — *The Drug Of The Nation*. 4th & B'way. Once a radical indie group named **The Beatnigs**, **Hiphoprisy** are now a political rap group. Hailing from **Oakland** in **San Francisco**, and fronted by **Michel Franti**, they recently completed their debut album *Hypocrisy Is The Greatest*

Luxury, from which this and their upcoming second single *Language Of Violence* are both taken.

17 W.A.S.P.: Chainsaw Charlie (Murders In The New Morgue), **Parlophone**. A scathing attack on the music industry, **Chainsaw Charlie** is the controversial rock band's first single for **Parlophone**. The label is keen to demonstrate its commitment to the band and has released the single in four special formats — two seven-inches (one laser etched and one picture disc), a 12-inch gatefold three dimensional sleeve and a CD pack with pictures and a wallet. Continuing the trend towards lengthier singles, **Chainsaw Charlie** is seven minutes long, though the full length version — unusually — does not appear on the CD single, this version being a five minute "sawn-off" edit. From the upcoming album *The Crimson Idol*. **Alan Jones**
