CHART FOCUS

There are no movers in the top three this week, though **UB40** continue to increase their sales at number two while **Ace Of Base** have peaked at number. It would be realistic to expect them to swap places next week.

Meanwhile, **Green Jelly** becomes the highest debuting rock act in chart history, appearing at number five with **Three Little Pigs**. In the whole 40 year history of the charts the only acts to make their first foray this high or higher are **Neil** (from the **Young Ones**), **Bomb The Bass**, **Partners In Kryme**, **Vanilla Ice**, **Crystal Waters**, **Kris Kross**, **Smart E's**, **WWF Superstars** and **Ace Of Base**.

Six of the Top 40 singles this week are taken from movies, including two from **Indecent Proposal** — **Lisa Stansfield's** **In All The Right Places** and **Sade's** **No Ordinary Love**. The **Sade** single, which originally reached number 26 last Autumn, returns to the chart at number 24. **Lisa** debuts at number 13, making it two

movie hits in a row, following the success of **Someday (I'm Coming Back)** from **The Bodyguard**.

Following its success with **Snap**, **Dr. Alban** and **Dance 2 Trance**, the **Logic** label continues its run of major hits from the continent with **Haddaway's** **What Is Love**, which debuts at number 19. The 24 year old from **Trinidad** now lives in Germany, and his single is currently in the top three in **Switzerland**, **Denmark**, **Germany**, **Sweden** and **Norway** as well as number one in **Holland**, **Belgium** and **Austria**.

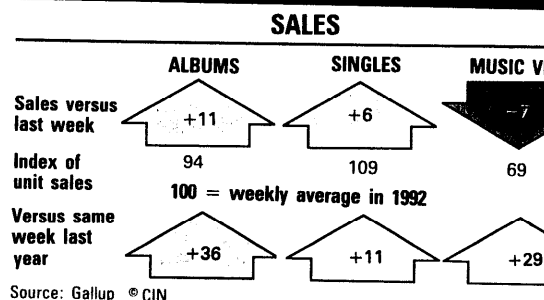

Amongst those less happy

with this week's chart will be **Guns N' Roses** whose run of six consecutive Top 10 hits has come to an end; **Suede** whose **So Young** hit crashes from its debut position of number 22 to number 46 thus visibly failing to build on the success of their number seven hit **Animal Nitrate**, and **KWS**, who just squeeze into the Top 75 at number 71 with their remake of **Barry White's** **Can't Get Enough Of Your Love**. **KWS** were number one exactly a year ago, with their remake of **Please Don't Go**. But follow ups **Rock Your Baby** (number 8) and **Hold Back The Night** (number 30) indicate a steady downward spiral.

Albumwise, **Janet Jackson** hangs on at the top, while the leading newcomer is **Donald Fagen** with **Kamakiriad**, who not only beats the chart peak of his only previous solo album **The Nightfly** which peaked at number 44 in 1982, but also the entire output of **Steely Dan**, in which he and producer **Walter Becker** played such pivotal roles.
