Five new entries shake up Top 10

SALES

The Top 10 of the singles chart gets its biggest shake-up ever this week, with **Robson Green & Jerome Flynn's** double-header *Unchained Melody/White Cliffs Of Dover* surrendering top billing after seven weeks at number one, and a record five new entries in the Top 10.

Replacing Robson & Jerome at the summit are the **Outhere Brothers** with *Boom Boom Boom*. They're the first act to have two number one singles in 1995, having topped the chart with their only previous chart hit, *Don't Stop (Wiggle Wiggle)*. They're the first act to commence their chart career with consecutive number ones since New Kids On The Block with *Hangin' Tough* and *You Got It (The Right Stuff)* in

the first time that three singles debuted inside the Top 10 was on February 15 1992. Only 19 months later, on September 25 1993, four new singles made their chart debut in the upper echelon. And this week, for the first time, half of the Top 10 is made up of new entries, with **EMF/Reeves & Mortimer**, **Diana King**, **D:Ream**, **Bobby Brown** and **Shaggy** featuring **Rayvon** all off to a fast start.

Shaggy debuts at number 10 with a remake of Mungo Jerry's *In The Summertime*, which, coincidentally, was part-way through a seven-week residency at the top exactly 25 years ago.

Ironically, the record which dips out of the Top 10 to make way for Shaggy and Rayvon is *Think Of You* by **Whigfield**. Dropping from seven to 11, it's yet another in the continuing series of hits by the Danish singer to be modelled on *In The Summertime*.

Piling irony on irony, the success of Shaggy's version of *In The Summertime* probably kills the prospects of a rival cover by **Sally-Ann Marsh**, who tackles the song in the style of *Whigfield*.

Well, congratulations to Arista which dominates the American singles chart this week. The top three, as compiled by Billboard, are **TLC's** *Waterfalls* – which soars from seven to one – followed by the 14-year-old newcomer **Monica** with *Don't Take It Personal* and the **Notorious B.I.G.** with *One More Chance*. None of the records are on Arista *per se*, being issued on the customised/licensed **LaFace**, **Rowdy** and **Bad Boy** imprints respectively. Arista's mighty marketing clout is good news for the newly-signed **Take That**, whose US career is sure to take off now, leaving Arista's sister company **RCA** looking a little foolish for not retaining them.

THE OFFICIAL CHARTS

MONITOR

AIRPLAY

They had the biggest-selling single in the country last week, but **airplay** continues to elude the **Outhere Brothers'** second consecutive number one hit *Boom Boom Boom*. It was only the 38th most popular record on the radio last week, registering a mere 175 plays – that's over a thousand fewer than radio's most favoured discs, and an average of less than three spins per station from the 67-strong panel monitored by *Music Monitor*.

It will undoubtedly make gains next week, but the experience of **Robson Green & Jerome Flynn's** *Unchained Melody* proves how stubborn radio can be even in the face of sales success. In its seven weeks at the top of the sales pyramid, *Unchained Melody* never managed to climb higher than number 12 on airplay. This week it dips from number 12 to number 14 while losing around 15% of both its audience and plays.

At the top of the chart are four records with almost identical audiences. Of these, the most popular is **M People's** *Search For The Hero*, which replaces **Wet Wet Wet's** *Don't Want To Forgive Me Now*.

Edwyn Collins' A Girl Like You continues to make progress. It logs a thousand plays for the first time, and climbs to number three nationally. It's also the first record this year to simultaneously top both Radio One and Capital's playlist, thus securing the largest audience in the UK and in London last week, with 29 airings on Radio One and 41 on Capital.

Initially playlisted only by dance stations after being serviced as a vinyl doublepack, new EMI signing **Dana Dawson's** endearing single *3 Is Family* is now making encouraging progress. After moving 93-68-40, it climbs a further 10 notches this week to number 30, adding an extra 76 plays for a new tally of 403.

It's the only record by a new and thus far uncharted act in the Airplay Top 50 – we have to go down to the widely-tipped **Cast** at number 60 to find another act without a proven sales record, and their airplay is only an eighth of Ms Dawson's.

For the first time in a long time, no record managed as many as 70 plays at Atlantic 252. The station seems to have abandoned its policy of playing its most popular tracks a hundred or more times a week. Even so, the 69 plays which return **REM's** April single *Strange Currencies* to the top of the Atlantic 252 chart, still represent one play every two and a half hours night and day for a week. All of the 25 most-played records at the station are past their sales peak.
