4. The 411

4. The 411's 'I Don't Want You Back' is a classic example of the band's signature sound, featuring a mix of funk, soul, and R&B. The track is a collaboration with Frankie Goes to the Church, and it's a testament to the band's versatility and ability to create hit singles. The song is a perfect blend of the two groups' styles, and it's a great example of how collaboration can lead to great music.
